The Information Standard – NHS Choices policy statement

NHS Choices plans to adopt the Information Standard to maintain and improve the information production system and the quality of information on the NHS Choices site.

- a) NHS Choices is committed to producing good quality information.

- b) NHS Choices is committed to ensuring that all the information covered by the scope of the information production system meets the requirements of this standard.

- c) NHS Choices is committed to reviewing all information materials for continuing suitability and updating them as necessary.

- d) NHS Choices is committed to ensuring that all those involved in producing the information are aware of, and comply with the policy statement and the requirements of the Standard.

- e) NHS Choices is committed to maintaining records to show acknowledgement of the policy statement and its implications by all those involved in producing the information
